**STEELVILLE LONG DISTANCE, INC.**  
**STATEMENT OF COMPLIANCE WITH CPNI**  
**47 U.S.C. §222, and 47 C.F.R. § 64.2001- 64.2009**

Steelville Long Distance, Inc. (SLD) has established operating procedures that ensure compliance with the Federal Communication Commission regulations regarding the protection of consumer proprietary network information (CPNI).

- SLD has implemented internal procedures to educate and train employees about CPNI and the disclosure of CPNI. SLD has established disciplinary procedures for any employee that wrongfully discloses CPNI. We also ensure that our vendors that have access to our customers CPNI are aware of the CPNI rules.
- SLD does not use CPNI without customer notification as set forth by the FCC in 47 U.S.C. §222, and 47 C.F.R. § 64.2001- 64.2009. SLD provides either an opt-in notice or an opt-out notice when appropriate and maintains the customers choice. Therefore, the customers approval status can be determined prior to use of CPNI.
- SLD maintains records of their own and their affiliates' sales and marketing campaigns that use their customers' CPNI. Also, SLD maintains records everytime third parties are allowed access to CPNI. These records include a description of each campaign, the specific CPNI that was used, and what products and services were offered. These records are retained for a period of at least one year.
- SLD requires sales personnel to obtain supervisor approval of all outbound marketing requests for customer approval and maintains records of compliance for at least one year.
- SLD will provide written notice within five business days to the FCC any instance where the opt-out methods do not work properly, to such a degree that the customers inability to opt-out is more than an anomaly.
